

The 6 Steps to Adoption

01. DO YOUR RESEARCH

Make sure a Mini Pet Pig is the right pet for you!

Thoroughly read through our website and that of AMPA to become more aware of the needs of a pet mini pig.

02. CHECK YOUR BYLAWS

All municipalities have different by-laws!

Not all municipalities permit ownership of mini pigs as household pets. If you find out they are not permitted in your municipality there are ways you can apply to ask for an amendment.

03. APPLY TO ADOPT

Please Note: Virtual meetings can be arranged alternatively

Please take the time to fill out our pet piglet adoption application with as much detail as possible. We like to do our research as well to ensure our piglets find the best possible home. Once submitted, we will be in touch within a day to arrange for you to visit us (if logistically possible) to meet one on one in person. This way you can see our mini pig parents, meet the piglets, and ask any questions you may have. [Click Here to Apply!](#)

04. PLACE YOUR DEPOSIT

Please Note: All Payment are Final. No Refunds Issued.

Place your \$200 non-refundable deposit today to secure your spot on our wait list.

The selection of mini piglets will be made in the order of deposits taken. The remainder of the payment must be made in full by the time the mini piglet is 7 weeks old.

05. WATCH, WAIT, & PREPARE

We keep our Instagram & Facebook Page up-to-date, so follow us to see updates of your little one! [Click Here for Facebook.](#) [Click Here for Instagram.](#)

Hogs and Kisses will care for your mini piglet and prepare them for their new home. This will include having your mini piglet spayed or neutered, dewormed, litter box trained, and socialized. We will send you updated pictures of the mini piglets as they grow and you can choose your piglet based on the picture. Mini Piglets are not available to be chosen until they are 2-3 weeks old. This allows us time to see how they're growing and assure good health. Mini Piglets will be ready for their new homes at approximately 8 weeks old, however, if we feel the piglet is not ready to leave our care at that age, we reserve the right to keep a piglet longer

Please Note: We cannot guarantee a mini piglet's size, color or eye color. The very best we can do is estimate what the likely factors will be depending on parents

Our Hogs and Kisses Mini Pig Food is inexpensive and can be ordered online. They also love snacking on fruits and veggies and even graze on grass.
